The Little Yellow Door

IT WAS OUR VISION OF THE PERFECT HOUSE PARTY

A place where people could meet in an unpretentious environment, and have whatever party they wanted; from chilling in the kitchen to playing Mario Kart to dancing the night away. It was where we would hang out with our friends and it's where we did. And so the story began...

Imagine turning off the iconic Portobello road and straight into our cosy living room for canapés and cocktails by the Christmas tree. Shake cocktails with our bartender at the kitchen bar, or lounge about on our colourful sofas with your friends and colleagues. Later, head downstairs into the flatmates' bohemian-chic-inspired Den for a raucous, boogie-full house party until late. With a variety of board games, retro video games and your very own fancy dress box, you'll never want to leave... we rarely do!

HELLO FROM THE FLATMATES!

We are an award-winning bar and restaurant group that creates beautiful venues to make you feel like you're walking into someone's home, styling it on a fictional flatshare. We're best known for throwing weekly house parties, dinner parties and private events.

Our story started eight years ago when we began as a pop-up in Notting Hill. Since then, we've opened four amazing, permanent venues across London and won multiple awards, including Best Bar in London by *Tatler Magazine* and Best Bottomless Brunch by the *Evening Standard*. We're incredibly proud of what we have created and would love to show you around!

The Little Yellow Door is based in the heart of West London's Notting Hill and has become a local hot-spot for great house parties, date nights and weekend brunches. Here, we aim to create an authentic, homely, and unpretentious environment for guests to eat, drink and dance in the setting of an epic house party.

We also have three other homes in [Clapham](#), [Fulham](#) and [Soho](#).
